

Setting captives free - Part 2

18th April 2013

A strategy for brother Randy Galat.

Brother, taking up where we stopped last time, we really had a very hard time with Peter, returning to our hometown, but eventually we reached it, very tired and almost at the point of quitting. But, in the meantime, The LORD gave us HIS agape love for old Peter and we knew very well....its not the way one starts, but the way one finishes, that counts. I remembered JESUS saying in Luke 9/62: "No man, having put his hand to the plough, and looking back, is fit for the Kingdom of GOD".

So we just had to carry on and see this thing through, but where to begin, was the question. In the meantime, and because of Peter's extreme intelligence, The LORD gave me some strategies to cast out some of the demons. I had to upset him in order for him to get really mad at me, this gave me the opportunity to discern the spirit operating, and I would then cast it out, in JESUS Name. To HIM be the Glory and the Praise!!! At one time, when he was throwing a childish tantrum, just to manipulate the situation, I made him really mad by saying: "Oh shame, did you wet your pink panties with the little red hearts"? I knew that even the slightest hint at him not being 100% manly, would surely rattle his chain and set him off. And brother, did it ever do so!!

Brother Randy, I take it that you have dealt with demons in the past. It is of the utmost importance to be very vigilant at all times, when dealing with the schizophrenic, because their moods can and does change by the minute. They could be very charming and friendly, even joking one moment, the very next, fall down into the deepest pit of self pity, depression and passivity. I do not know about the USA, but in South Africa, the professionals call it "bi-polar". I think the word "bi-polar", describes the person suffering from it, very accurately, one moment on top of the world, the very next, down in the dumps.

When Peter would fall into this behaviour, I would go up to him very quickly and not allow him to stay down there, but grab him by both his hands and jerk him to his feet shouting: "In the name of JESUS of Nazareth, stand on your feet, and repeat after me. I can do all things, through CHRIST who strengthens me". Then I would rebuke the spirit of passivity and Peter would be fine....until the next time. See Randy, at this point I was still in the observing/surveillance stage. I needed to be 100% sure The real showdown with the demons was still a couple of days away, and I wanted to be sure, once we got started, there was no turning back. Peter was going to be set free and stay free, be part of his family again and be financially active, knowing well that I would only be the instrument and that; "HE whom The SON sets free, is free indeed", John 8/36.

One morning, on our way to the Deliverance Facility, he suddenly became very aggressive, pointing his right index finger at me he said: "Not you, or twenty other pastors are going to get me out of here today". I would have none of that and walked right up to him and touched his forehead with my finger and said: "In JESUS name", and he just slumped into a bundle and stayed on the floor saying: "Don't touch me with the holy finger". Thereafter, we left without any trouble. See Randy, we have the power of The HOLY GHOST in our hands.

I have mentioned earlier that I have dealt with schizophrenics in the past but, in the case with Peter, the situation was much more complex, in that he had been involved with drugs from a very young age and the demons, associated with the drug abuse, had hidden themselves, and only after he told me how he had easy "legal" access

to drugs, could they be dislodged and cast out. Today he can hardly recall most of the bad experiences he encountered and that is a good thing, it means that The LORD had erased them from his mind.

In the early 1990's a lady walked into my office one day and told me she had been on a 40 days fast, and The LORD said that she had to come to me and I would set her son Stephen, a schizophrenic, free. He had been incarcerated at a mental institution for 6 years. When the so called "new" South Africa", with the "demon"-cratic government came into power, they closed down some of the "white" facilities and the schizophrenics and other more dangerous mental patients were just sent home. It would be the first time that I would attempt to deliver a schizophrenic but I knew that there would be multiple personalities, all demonic, including his own personality. According to his mother, time was of the essence, as she was very scared of him and did not want him under her roof, one more night.

That day, I had to complete my usual monthly activity report and had no time to prepare myself spiritually and pray that The LORD would reveal the name of the "strong man" in this man's house, Matthew 12/29, Mark 3/27, Luke 11/21. I called one of my friends, a "tent" Evangelist, and asked him to go into intercession for me and ask JESUS to reveal the strong man and then to accompany me to the embattled home. He was a big, strong young man and I thought I might need some help, but it's; "not by might, nor by power, but by MY Spirit, saith The LORD of hosts", Zechariah 4/6.

When my friend arrived at my office he said that he did get a name; "Gorilla". I immediately assumed that this was going to be a big strong fellow and very aggressive, that's why I took my friend along.

When we reached their home, a young, unassuming lad came out with 2 little dogs on a leash and asked whether we were the people who were going to pray for him, and when we acknowledged, he said that he was glad and was just taking the dogs out for a walk and would be back in a few minutes. I almost started laughing, to think that his mom was scared of him, she was much taller than him and most certainly was at least 50 pounds heavier. My friend just smiled and we went in.

I told his mother that he seemed such a cool, calm and collected young man and she replied: "True brother, but yesterday he went beserk at the shopping mall, they called the Police and he knocked down 6 of them and chased away their dogs. He caused such chaos, that they had to call in re-enforcements". My friend frowned, a worried look on his face.

Just about then, the young man came in smiling, sat down and said: "I am so glad you came, I really need deliverance so I can lead a normal life and start earning money to help my mom cope with all the financial needs". I started praying, asking The LORD for the Gifts of The SPIRIT in 1st Corinthians 12/8to10 a word of knowledge, discernment of spirits and working of miracles. I was not fooled by his nice mannerisms and charm and asked for The Anointing Power, feeling immediately that HE, The HOLY GHOST, had arrived. I knew I was in charge now, I was empowered to act In JESUS Name.

Suddenly, this 22 year old young man's face took on a reptilian look and he stared at me, actually spitting out these words: "You've been here long enough, get out and stay away from this house". He started to get up, but before he could move an inch, I was standing in front of him, touched his forehead with one finger and with power and authority in my voice, I said: "Sit down gorilla demon,(I deliberately use small letters for demon

names) and submit to the Name of JESUS of Nazareth, The only Begotten SON of GOD. Strong man called gorilla, I bind you in the Mighty Name of JESUS. I am now empowered to cast out all your sub-ordinates and disarm you, I am stronger than you, according to Almighty GOD's Word, Luke 11/21 and 22".

Brother Randy, this guy just fell off the chair and lay flat on his back on the floor. I then commanded the spirits of rejection, rebellion and many others to come out of him and The LORD was so gracious that, even though I did not do it correctly, HE set the young man free.

Brother Randy, 3 days later we tried to set his 10 year old cousin Joe free. 10 Years old brother, so demon possessed and so totally untouchable by The HOLY GHOST, a scholar at a so-called Private Christian School. Whatever we did In The Name of The LORD, NOTHING stirred him, NOTHING touched him and we just could not deliver him. We cried afterwards and believe that he must have, in some way, crossed GOD's line of mercy, or maybe had sinned against The HOLY SPIRIT, I really cannot tell why we failed, but we had to admit defeat.

Then his mom told us that her garage was packed to its limit in "super-hero" comic books....superman, spiderman etc, all with their toys and computer games and he would come from school and spend all his time in there, ignoring his school tasks etc, completely out of control. Joe's father, a Nazi supporter and anti-Semite, would not allow his sons to wear underclothes, a total freak. Mom had to go out working, kids pushed off to "Christian" school and the lad told us that that school had many kids, kicked out from other schools because of satanism and other factors. The result??This poor demented kid. His 13 year old brother was so scared of him that he would come home only after the mother had come from work because the 10 year old would attack and overpower and really hurt him badly with his demonic strength.

But surely you would have gone back to try and set him free brother? Yes, we tried, but both sisters had moved from Cape Town to another city and we unfortunately never heard of them again. The moral of this story? Warn parents about the super-hero comics, toys and computer games. They are mostly demonic, occultic and WILL certainly affect and infect a child, but hopefully not to the same degree as the young lad, mentioned in this testimony.

This next testimony involves a man who attended a very popular cult church in South Africa. Over the years I ministered to quite a few members of this church, who do not believe JESUS to be The SON of GOD, born of a Virgin, crucified, buried, resurrected, and ascended into heaven. Now what do they believe? Hard to say brother Randy, but most of them are demon possessed and suffer from the spirit of fear, because every region has its own spiritual medium, who would regularly call up their dead relatives, demon spirits, masquerading as their dear departed loved ones, who would warn them to stay where they are, and not to stray from their beloved, true "godly" church.

I was called out to this man's house in the so-called "Winelands" of South Africa. Apparently, he had just gone completely crazy and the Police were called in. In our country the Police do not drive in cars, but use pick-up trucks with steel canopies on the back to transport prisoners on their way to the precinct or jail. When 2 vehicles arrived at his house, he ran out and, with his bare hands, ripped the steel canopy from the one pick-up truck, and threw it on top of the other, He then ripped out the 2 wrought iron gates on the side of his house, and threw these on top of the other police vehicle. When re-inforcements arrived, they could not get near him and did not want to harm him in any way and it was at this point that I was called in to assist.

I took another, real man of GOD, pastor with me, we went there, he invited us in, we prayed, he reacted by jumping up to attack us, we reacted by laying our hands on him, at the same time rebuking the spirits of aggression, he went down onto the floor and stayed down for more than an hour and we were able to cast out all the demons. He accepted JESUS as his Savior, was baptized that following Sunday and became part of the worship team.

I suppose you might wonder why I am giving so many testimonies and why I am not just getting straight to the point. Randy, I want to show you, by personal experience, how people are infected by demons and I believe that one tends to remember a true happening easier than just being given cold facts.

So far we have dealt with two cousins, their mother's being sisters and married to 2 brothers. In both instances, the fathers left home and totally rejected the kids. The *strong man* in the schizophrenic young man Stephen, was *spirit of schizophrenia* and the two controlling spirits, *rejection and rebellion*, although I incorrectly called the *strong man*... "gorilla". I just believe that our LORD, JESUS was just so gracefull to let me get away with it. HE says, "GOD winked at the times of ignorance", Acts 17/30, praise GOD for that brother, I might have been hurt by those demons, was it not for HIS great love for us. Remember the sons of Sceva, Acts 19/14, who fled out the house, wounded and naked. One cannot use the name of our LORD, if HE does not live in our hearts.

The man from the *cult church* had another *strong man*. Although we first cast out *spirit of aggression*, the *strong man* was *spirit of false teaching, religious spirit and aggression* were two controlling spirits, who controlled many other sub-ordinate spirits. This guy was not schizophrenic although he acted in such manner, he was demon possessed and he later told me how he actually *SAW* a demon who entered into him. You see Randy, because of *open spiritual doorways*, in his case, the false church, other demons could easily enter him.

He was on his way to a nearby town, when he noticed something, like a small pillar, on the white line, in the middle of the road. Wondering what it was, he slowed down, turned down the window and almost stopped next to the object. Suddenly this object turned into a little cloud, floated up to the open window and just went straight into the

top of his head. Scary brother, we must stay under the protecting blood of JESUS and continue to live holy. I will give more testimonies as we continue with your strategy. At this point I am emailing this, it is now 23h30 and I am going to rest, have a big day tomorrow to repair my pick-up, was waiting for spareparts and can get them tomorrow. As soon as I am done, which will be late afternoon or evening tomorrow, I will continue with this. Thank you for your patience my brother. SHALOM!!!
